SETTING THE STANDARDS

ISO 13739

We were the first bunker supplier to be accredited with ISO 13739 :2020. The certification specifies procedures and requirements for the transfer of bunkers to vessels involving bunker tankers, road tankers, and shore pipelines.

IBIA
INTERNATIONAL BUNKER INDUSTRY ASSOCIATION

We are a proud member of International Bunker Industry Association. IBIA is a global organization representing the marine fuels industry.

ISO 45001:2018

ISO 45001 is an international standard that specifies requirements for an occupational health and safety (OH&S) management system. It provides a framework for organizations to manage risks and improve OH&S performance.

IACS
International Association of Classification Societies

Our barges are certified with IACS Class. IACS is an apolitical, non-commercial, technical collaboration association to establish, review, develop, and promote minimum technical requirements in relation to the design, construction, maintenance and survey of ships and other marine related facilities
